

# REACH

Resources for  
Evaluating  
Adopting and  
Capitalizing on Innovative  
Healthcare Technology

Transitioning the Health System towards  
“*outcome-based specifications*”, earlier dialogue with  
innovative suppliers, and *evidence-based*  
adoption of innovation

## Targets:

- Healthcare providers seeking innovative solutions to high-priority health system needs
- Medical technology innovators with unique, relevant, market-ready innovations

Be one of 10-12 selected project to receive  
matching grant subsidies of up to \$ 1MM
